

13.3 -
24.3

Pilobolus crystallinus ✓ yellow, ellipsoid
8-9.5 x 5-6

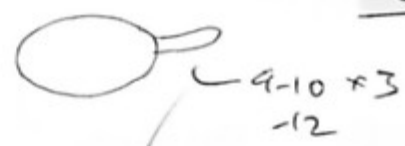

14.4.

Gyromitra stercorea ✓
Gyromitra miser ✓
Spores ellipsoid 7-6 x 3-4

Saccobolus 3+3+2 Spores smooth 12.5-13 x 6
Sporangia 32 x 12.5-13 Asc: 9.5 x 22

hyaline gylotezia up to 300 diam. depauperata ✓

Protopopora aggregated setae hairs at red
Saccate asci 420 x 145, to apical striate
Sp. 18-19.5 x 12-12.5
-22
more than 12 spores? Corvicia ✓

Schizothecium dakotense ✓ Sp 22.5-25 x 12.5-13
low setae at red pole of less vertically arranged in
ridge 32-spored asci ca 190-200 x 35-40

22.4 Cap stercorea ✓ Sch. dakotense ✓ make asc
290 > 75

Sacc depauperata ✓ P. corvicia ✓ Saccate asci
ca 380 x 160

29.4 Cap stercorea ✓ ~~Sch. dakotense~~
Spiky Protopopora multi-spored sp. 17.5-19.5 x 10-10.5.
Saccate asci

4.5 Cap. stercoraria ✓

Sacc. depauperata ✓

Sch. dactyloides ✓

Podospore spiky asymm.

Saccate asci

Sp. 16-17 x 9-9.5

Semi-immersed perithecia

Comm. ... ✓

Long spore spindle conical :-

Asci with spores 19-22.5 x 11.2-12.8

? Setosa

Podospore Commis 8-sp

Sp 32-35 x 19-20

4 apical + basal 24 app.

14 app. 22-26 x 5

Sp. 4ER minima

halved. + fragmented

29-32 x 5

9.5 Cap. stercoraria ✓

Pod. asymmetrically spiky setae

Sp. minima ✓

sp. 16-19.5 x 10

Commis ✓

Sch. dactyloides ✓

Saccate asci, with spindle conical of immature spores.

Asci 290 x 130

apex of fily

inflated asci

but no structure.

13.5 Cop. steinhausi

Protospira Salicete asci Slightly setae, densely spread

Sp. 17-19.5 x 10 128 spores?

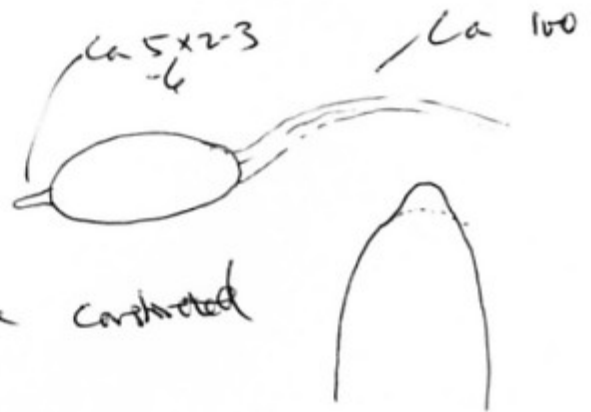

Spindle: spine near when young

Protospira / Sch ♂ spores → dark, 1-2 ~~asci~~ asci

Sp. 42-48 x 21-23

Scales of small, low-celled inflated clumps

Asci apex constricted

? curvuloides ✓

19.5. Cop. steinhausi

P. curvuloides

Cop. Schlossi ~~pinetorum~~

Sch. Salicete

P. curvuloides ✓

22.5 Cop. Schlossi

4 spores.

Spores still immature. Ca 8x4

Cop Setae acute, 25-60 long, many have shorter than lower setae. no fused cystidia?

23.5 mature spores ellipsoid 8x4 -9

retrovirus? ✓

J.P. very slightly excavate.

25.5 Ep. sterzneri ✓

Ep. selmeri ✓

P. amarella ✓

Ep. dakotense ✓

Dried 25.5
