

Goat. roadside nr Fox Grove Inn, Mamiku Valley, Praslin, St Lucia 7/04
W60.90. N13.86. coll. 2.3.04, incubated 6.3.04.

8.3 - 11.3 -

14.3 Numerous Cop. heptanervis ✓ perithecia reddish-brown
spherocysts + non-capitate setae

17.3 Cop. heptanervis ✓

22.3 Cop. stercoraria - check when ripe - no

Spherocysts s.m. on peridium lanabli type
veil cell

30.3 Cop. stercoraria? Cop. heptanervis ✓
Pseud. medialis ✓

sp ellipsoid 5-9 x 5.5-6 no setae. veil lanabli-type

Pithecia relatively short-stalked - abundant?

Spores ± spherical, orange. 8-14 diam.
not thick-walled Sphaerosporus ✓
no reddish tones Pithecia

Cercophora imbricate, immersed solitary perithecia
Perithecia, no verticillate. Ascos tips with sub-apical
glanules. No free spores to size. ✓

Imbricate Codophora

5.4 Cop. heptanervis ✓ Cercophora verruciform spores
38-39 long, with row of glanules
sub-apical setae faint

Lodophanes Spores 19-20 x 11-11.5 Carneus

11.4 L. carneus ✓ Cop. pseudonidialis ✓

Cercophora ✓ Semi-immersed. clear apical globe
dark red, no scales, setae or hairs.
Semi-immersed. near uniform Spore 36 long.

Pilobius orange Spores spherical 8-9 diam

17.4 ~~Cop. stercorarius~~ ✓ L. carneus ✓

Cercophora. faint apical ascid globe.

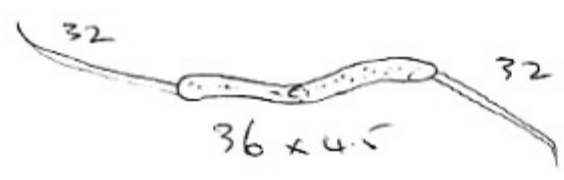

27.4 Cop. pseudonidialis ✓ Cop. stercorarius ✓

Tim yellow Secochium yellow pores 4 x 2

Sm 26-29 + 8-9 Spore smooth 11-12 x 5
st. truncate rounded.

Asci 65 x 17-18 apo 200-250 diam
menis ✓

Cercophora ✓ Head wall Sordarioid - Schizothecad.
dark or red. No scales, setae etc.

apical globe present
Entered as Sordarioides with others
in strace

11.5 ~~Cop. stercorarius~~ ✓ Cop. pseudonidialis ✓ Cercophora ✓ Head
Sp. 4 T asci Sp. very small 16-14.5 x 3 immersed
rusty at the film of strace

discrete Asci (y stalked, shorter than terminal

menis ✓

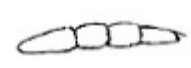

7.5 Cap. stercoraria ✓

Cap. pseudostercoraria ✓

Sp. Small superficial ~~pseudostercoraria~~ 4 celled spores

biseriate, in long tapered asc. Spores st. broader toward apex, apical ~~cell~~ all st. tapered

13-16 x 3

parallel g st. ?

Asci 80 x 7

not easily seen.

Pseudostercoraria ± immersed, eruptant at stipe (A)

1. canner ✓

Dried 7.5 with Sporiumella sp.
