

1.5. Viemot-dra funicata ✓

(mature globose apothecial triocha, fine  
 circinate non-inferted paraphyses KJ +ve

Teleboles Asc: 65x20

Spores ellipsoid 7-8 x 3.5-4

64-spored?

5.5 V. funicata ✓

P. robustus crystallinus ✓

P. kleinii ✓

sp pale 6-8 x 5

sp. orange 13-16 x 7-8

Ascoms albidus ✓

sp. blackish 25-26 x 11-12

Teleboles several ~~dark~~ asc in

~~Clethra~~ ~~card~~ ~~apothecia~~

13.5 Coprinus stercorarius ✓

V. funicata - A. albidus ✓

Sch. canan tetrasperum 4-sp 22.5 x 11.2

18.5 Cop. stercorarius ✓

A. albidus ✓

Ascoms woolpers ✓

Ascus 105 x 29  
 Sm. 51-55 x 19-20  
 sp. 12.5-13 x 4-4.5

24.5 Cop. stercorarius ✓ A. albidus ✓

Sch. canan ✓ 8-sp, good scales sp 25.27 x 14-14.5

Sch. leucosporum ✓

Aspergillus large, white - Aspergillus initially, but →  
 no spores uniseriate, ellipsoid 19-19.5 x 7.5,  
 smooth, with sheath.  
 edge of apothecium large globose cells, up to  
 50 diam some elongated.

Asci 20 x 20 KI -ve  
 albino Coprinia? see 1.6 below

1.6 Peziza pale scurfy peridium 14 mm long  
 x 8 mm wide

Cop. stenospora / Cop. crossspora? brown that  
 alters (not seen later)

hymenium not white, 230 μm deep receptacle 1100 thick  
 evenly cordoned of globose - parenchyma type tissue,  
 cells < 60 diam vesiculosa (see 12.6)

Sch. conicum / Numerous immersed, brown,  
 sclerotial structures?

Coprinia = Cheilymenia brown edge perist 110-130 long,  
 unrooted, < 15 wide at base. Marginal cells globose  
 < 65 diam. Asci 21 wide, cylindrical sp. uniseriate  
 19.5-22.5 x 9.5-11  paras colorless,  
 loosely capitate to 16 wide KI -ve.  
 cf aurantiacorubra (Dorei)

6.6 Peziza distinctly furfuraceous extend

Asci narrow cyl. 8-10 x 380-400 x 17-18

immature spores 19-20 x 9.5 vesiculosa?

Paras not clavate or pigmented 6 wide.

Cop. stercoraria ✓ Cheilymenia ✓ Sch. conicum ✓

Sch. restricta ✓ ± w/ scales 8-sp 21-22.5 x 10.5-11.5

12.6 Peziza mature asci ca 360 x 19-22 -400

spores smooth ellipsoid 21-22.5 x 11.5

Paras 5 wide, v. st. smooth + tip, no pigment.

vesiculosa ✓ (#)

Cop. stercoraria ✓ Cheilymenia ✓ (#) P. kleini ✓
